SUMMARY OF THE REASONS FOR DECISION:

The DVD *Sloppy Seconds* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The DVD contains a feature previously examined and classified in video format by the Office of Film and Literature Classification. The video recording *Sloppy Seconds* (OFLC No. 9501387) was classified "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years", with the descriptive note "Contains explicit sex scenes". The classification decision was registered on 19 April 1996.

The DVD has components not present on the video version, in the form of a selection of still shots from the feature. However, this additional material does not provide grounds for the DVD receiving a different classification to that given to the video recording.
